

# Breathe Easier This Summer

**Bronx**  
VETERINARY CENTER

## SPECIAL JUNE PROMOTION: 20% OFF BOAS SURGERIES

### If Your Dog Could Talk...

If this sounds like your pup, they might be struggling with BOAS—a serious condition in flat-faced breeds that restricts breathing. Summer heat makes this even harder on them, leading to exhaustion, overheating, and possible emergencies.

#### Symptoms Look Like:

- Snoring or wheezing
- Heavy panting
- Exhaustion
- Gagging or retching
- Restless sleep or choking sounds

I snore louder  
than Dad!

Summer heat?  
No thanks.

Running? I'll pass.  
Can't breathe.

## The good news? There's a fix.

**CO<sub>2</sub> LASER SURGERY:** Widens airways • Shortens palate • Removes blockages

**RESULTS:** Less bleeding, minimal swelling, quick recovery, and dramatically better breathing.

### Don't Wait—This June Only 20% Off All Boas Surgeries

Let's talk about your dog's snore—schedule a BOAS evaluation today by calling **(718) 933-1002** or booking online at **[bronxvetcenter.com](https://bronxvetcenter.com)**.

*Valid June 1-30, 2025. Available at Webster Avenue and Eastchester Road locations. Spanish-speaking staff available. Appointments required.*
